Some close games, some not so close

Wednesday evening saw a delayed season start for four teams, all of whom got off to a losing start. The closest of these to a win were the **Greensox**, who were leading **Thunder** 9-4 after four innings. But then the rumblers rallied, batted round the order to score eight in the 5th and defended the lead to win 13-12. **Speeders'** return to the top flight after 13 years ended in a 20-5 run-ahead rule loss to **Mavericks**, whom they have only beaten once in now 17 meetings. The return of the **Meerkats**, after a somewhat shorter ab-

sence, was also not fruitful, although they at least held the lead briefly, until **Travelling Dodgers** got going, scoring six in the 3rd and winning 10-5. Consolation perhaps in that their winter recruit Carlos dos Ramos hit a homer for the seventh consecutive game. **Camels** scored steadily to beat **Mayhem** 16-9, leaving both teams, as well as TDs, tied on a 1-1 record. It's early days yet of course, but head-to-heads and runs conceded give exactly opposing 1-2-3 ordering in the standings for these three.

Strike 3 for the Barlow Croft

After their manager promised Social Secretary NJ Dyson that this week there would be adequate bar staff, food, and a bar open until 10.30 or later, softballers arrived at the Tuesday evening drinking hole to find the doors locked "due to annual maintenance". Most players re-

convened at the much more amenable Gateway pub, which may well from now on be the semi-official post-match venue, although there has been a suggestion to try the Griffin just around the corner on Didsbury Road.

On this day ...

10th May 1995 was the opening day of the first season for which we have full records, so you could call it “Day 1” of our league. Platt Fields Pirates beat Rusholme Funsters 54-11, Ringway Runners beat Just Lust (predecessors of today’s Dodgers) 52-9, but perhaps the most interesting scoreline was the Greensox and Mavericks who tied 14-14 in their first officially recorded meeting. In League 2 as it was known, Didsbury Bats beat TSBees 30-14, Fog Lane Foghorns beat M16s 22-19, while the Hackers’ game was postponed. Their opponents should have been a team controversially called Mad Twatters (they argued that their name was

based on the local slang word meaning “to hit something hard”), a relatively short-lived team who folded the following season.

The big news in the *Review* of 9th May 2001, was that we were “saying farewell” to the University Sports grounds at Wythenshawe, where we had played all our games since 1995, having “outgrown” their facilities (though the bar being shut down because of asbestos was no doubt also a factor). A “new venue” at Parrs Wood School had been found.

It is a measure of the passage of time that of all the fixtures played on May 9th or 10th in 2011 and 2012, only one Division 1 match-up will be repeated this year: on this date in 2012, Greensox beat Thunder 18-3. However, Tuesday 10th

May 2012 saw Meerkats beat Mayhem 14-13 ... in Division 3!

10th May 2017 was notable in that two Division 2 games both ended with 27-26 wins: winning by the odd run in 53 were Camels II against Mavs II, and Mayhem against Sharks, though these were some 16 runs short of the closest game in history, in which Greensox beat Pirates 36-35 on 1st May 1996.

Bringing us round full circle from the first item, 9th May 2018 saw Mavericks win their 60th meeting with Greensox, the most played fixture in MSL history. Mayhem beat Bats in a game that kicked off with the pair sharing 27 runs between them in the first inning. Mavs II beat Sharks 32-17 while Meerkats narrowly beat Speeders 12-11.

Fair weather—many runs (Continued from page 2)

In Division 2 **Freeze** managed three runs in their opening inning but then came up against a **Mavericks II** team in mighty form, scoring 7, 17 and 13 in multiple bat-arounds. **Thunder II** led off with ten runs, and although **Bats** replied with six, the boomers prevailed to win 19-15. **Camels II** had three 8-run bat-arounds before easing off against the **Ti-tans**, playing one short, whose 11 runs were not enough to avoid a “mercy” loss. Finally, the **Dodgers** led from start to finish in their long awaited (since 1996) reunion with **Hackers**, a final 11-run inning rubbing salt into the wound.

Five of the six games on Tuesday were interdivisional, and although there were two “slaughters”, the other three games went the distance. **Enforcers** looked like causing an upset against **Screwballs**, leading 13-5 after four innings. But the cocktailers got it back to 13-11 in the 5th and, after a scoreless 6th, hit ten in the top of the 7th to take a 21-14 lead which the coppers could barely dent. More comfortable were the

Seagulls against **Thunder IV**, featuring the league’s third-youngest ever debutant as mentioned last week. The gulls led from start to finish and won 15-8. **Tigers** never looked in danger against the **Raiders**, building on a 7-0 lead after three, and ending the game with a flurry of runs to win 23-11. The two run-ahead rule wins saw **Bandidos** lead off with a double bat-around against the **Barflies**, and were 25-0 up after just 2½ innings, but the flies scored six in the bottom of the 3rd before succumbing 29-7 after four. **Thunder III** were 11-1 up against the **Swingers** after two, and doubled their tally in the 3rd, winning 27-6 after four.

Yet another GB call-up

There was another GB call-up for a Manchester-based player as Freeze’s **Amber Frost** (pictured) was selected for the Under-15 Women’s Fastpitch team to compete at Under-17 level in the 2023 Canada Cup, one of the world’s most prestigious open women’s fastpitch tournaments, to be held in mid-July in Surrey, British Columbia, near Vancouver.

Head coach Jodie Rushin explains on the British Softball Federation website that while Under-17 is not an ordinary GB age group, the team will be composed primarily of Under-15s supplemented by some older players. The team will play against opponents from the USA, Canada and Israel.

Manchester players being selected for GB teams is a great reflection on our league and of course a great honour and reward for hard work. Well done, Amber! You’ll do us proud.

Stingers were looking at a forfeit until their last two players arrived in the nick of time. Sluggababes' defense, meanwhile, didn't "turn up" until the 4th inning, by which time they found themselves trailing 15-9. This habit of giving their opponents a head start is frustrating. It takes some hard work in the later innings to compensate for the unnecessary walks and misfields – albeit credit must be given to good hitting by the opposition.

On to the good news. The offence failed to score in only one inning. Just the one home run but appropriately it was driven in by the newly street legal Antoon Lemmers. And when the defence kicked in they managed a couple

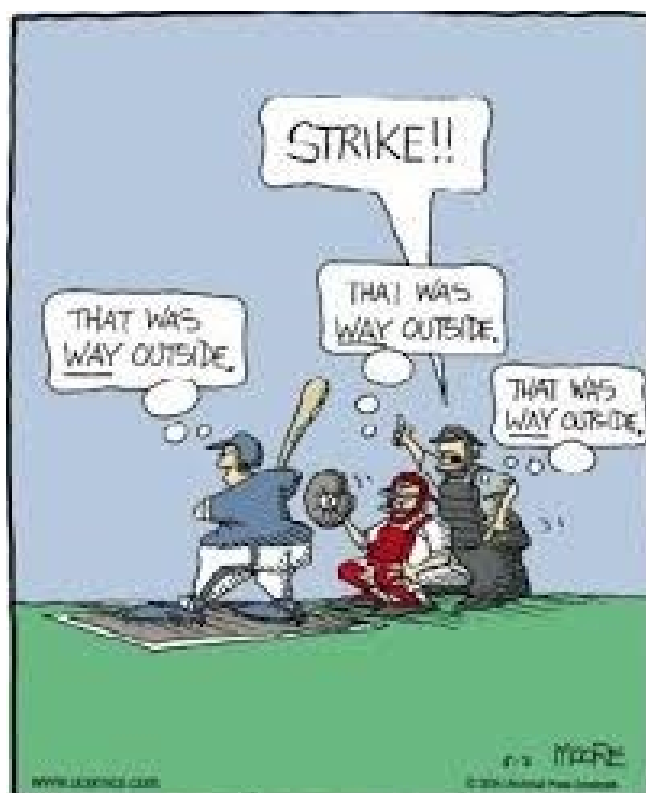

of shutout innings and there were some spectacular plays. Johan Lemmers – keeping the MVP award in the family – robbed several Stingers of home runs. But his efforts were put in the shade by Jess Flaherty's catch in deep right field. Running away from the diamond, she hauled in a back-hand, "snow-cone", MVP-winning beauty, while her teammates

held their collective breath.

Well done to the urticas for resisting the molluscs' comeback and holding their nerve defending in the top of the last.

Alex Hall tournament

There is still time to register for this year's Alex Hall tournament which will be held at Parrswood on Saturday 3rd June... but not long! Find the E-registration form on Facebook or see Gina, Kate or Vicki for a paper form after league games. It's £20 per player, all proceeds to the Christie charity which is a great local cause.

For any players who aren't lucky enough to be attending this year we will be selling **raffle tickets** after league games on Tuesday and Wednesday nights, priced at £5 a strip. There are some really

great raffle prizes so far this year, though we are still chasing more up so hopefully there will be many more on the day. If you can pledge a prize or potentially get something through work, please do get in touch. Among the prizes already pledged are ...

- 26oz Louisville Inertia bat and 27oz Miken bat, plus bags courtesy of the Softball Shop
- £280 beauty and fragrance hamper from Yves Saint Laurent
- Etihad Stadium tour family ticket (2 adults, 2 kids)
- £50 Gift card for Crazy Pedro's

- £30 Wetherspoon's voucher
- 1 ticket to London Series Cubs v Cardinals game, London Stadium, Sunday 23 June
- Dino Golf family ticket
- Base Bar batting cage tickets
- £25 Baseball Outlet voucher
- Junkyard Golf and drinks for two
- Salter's Duo Airfryer
- Men's/Women's fragrances courtesy of NEXT.com

We also need some help on the day, so is there anyone Manchester-based who is able to help with set up on the morning? *Gina Amos*

Home run records

Last week the Bandidos' **Ross Birch** hit four home runs in four at bats. This was two short of the record set by Andy Rawson for the Outlaws in a remarkable game against the Bats in June 2009, when a number of records were set. Subsequently one of the captains in that game admitted that the game had been somewhat artificially prolonged so as to smash a few records. But coming back to last Tuesday, of course one obstacle to breaking Rawson's record is the fact that if a game is one sided, a player does not get enough plate appearances: by the time Birch had batted four times, his team were 20 runs ahead. It's a huge target but may be achievable: last year Joe Regan of the Swingers hit five against the Tiggers.

One might imagine that the 16.000 slugging average reflected a disparity between the two teams, and perhaps some of his hits might have gone to glove in Division 1 or 2. But Birch hit a further two runs the following evening, as a guest for

Division 2's Titans. So who is to say?

Another home run record that is still being pursued is the one for homering in consecutive games.

Carlos dos Ramos continued his run (currently seven games) with a round trip for his new team, Meerkats, last week, and is half way to catching Bandido Liam Morrison, who homered

in 14 consecutive games back in 2019.

And talking of sequences, congrats to **Pablo Kidley** (Greensox) and **Ian Mills** (Hackers) who, along with **Ross Birch**, have already kept up their run of hitting a home run every year (excluding 2020) since records began in 2003. Pete Nightingale can join that list if and when
